

FIVE MEN ROASTED
IN A DETROIT FIRE

LARGE LIVERY ESTABLISHMENT BURNS.

Beside the Human Victims One Hundred Horses Were Creamed—Origin of the Blaze Is Unknown—Forest Fires Ravage Michigan—Big Chicago Warehouse Destroyed.

Detroit, Mich., July 10.—Five employees of G. F. Case and 100 of his horses were cremated in a fire in his livery barn early this morning. The flames of the five missing men, who are supposed to have perished in the burning building, are:

SAMUEL SMITH, CHARLES DAVIS, BURT SHAW, stableman. THOMAS WEBBER, painter. JOHN DUGGAN, second cook. Henry Hobbs, the cook, and W. H. Cook, who were sleeping on the top floor with the other men, were rescued from the east side of the building by the ladder man of truck company No. 1.

All the horses, nearly 100, were quartered in stalls in the basement. The only egress from this portion of the stable was by means of an inclined plane, leading from the basement to the main floor, and thence down another inclined plane to the street. But for this every manner of escape was cut off for the poor beasts. Many of them died in plain view of the crowds which surrounded the building and looked with agonized eyes as the flames lapped their haunches, unable to move or save themselves.

The cause of the fire is unknown. The only one identified of those who perished is John Cummings, aged 18 years. His father lives at Jackson and he has been in this city for two years. He was a stableman. Cummings was asleep on the top floor of the building, and while the fire was at its worst dragged himself to one of the front windows, where he was overcome by the flames and fell headlong to the pavement below.

Lieutenant Sullivan of truck No. 1, who was in front of the building at the time, rushed forward and grabbed the burned and bleeding man and ran to a place of safety. It was discovered that there was still life in the man and he was taken to Harper's hospital in the ambulance.

The loss will aggregate \$175,000, with insurance of about one-half.

FOREST FIRE IN MICHIGAN.

Much Damage Certain to Be Done at North Muskegon.

Muskegon, Mich., July 10.—The city of North Muskegon and vicinity are in peril from the greatest forest fire ever witnessed here. Hourly the danger becomes greater as the flames creep along with astonishing rapidity. Farmhouses and crops are threatened on all sides, and the farmers have turned out in a body to check the headway. It will be almost fruitless, however, as already over five miles is one mass of flames. Word reached the city last night of the burning of Albert Van Zan's sawmill, a large quantity of logs, shingles, and lumber, amounting to several thousand dollars. Several farmhouses cannot escape the flames, and it is reported that many acres of crops have already been reduced to ashes. Unless rain comes soon no one can tell what the damage will be.

Fire at Chicago.

Chicago, July 10.—Fire destroyed \$120,000 worth of property in the Parry storage warehouse, Nos. 153 and 160 West Monroe street early last evening. Household goods belonging to over 500 people and valued at \$50,000 were totally consumed. Little of this property was insured. Norton Pope owned the buildings, which were worth \$35,000 and insured for \$20,000. George Parry, the warehouse man had a furniture store at No. 160 with a stock and warehouse fixtures valued at \$35,000. The origin of the fire is unknown.

Rain Badly Needed.

Pittsfield, Mich., July 10.—Forest fires have been raging along the Toledo & Ann Arbor road the last few days, and unless rain comes within twenty-four hours the damage will be great. Over 160 acres of wood land and wheat fields have already been burned. Smith's dairy farm is wiped out and miles of fences consumed.

Farmhouse and Buildings Burn.

Mio, Mich., July 10.—Extensive forest fires are raging in this section and spreading rapidly on account of the drought. Information comes from Cummings township that Joseph Sullivan's farmhouse and buildings were consumed.

Nihilist Plot Discovered.

Paris, July 10.—The Journal's correspondent at St. Petersburg announces the discovery near Moscow of an extensive conspiracy against the life of the Czar. The chief of the secret police, after tracing the plotters for over a month, has succeeded in arresting eight of the conspirators, who include six recently pardoned nihilists. The czar has rewarded the chief of police with a present of 10,000 roubles.

Burglars Open a Bank Safe.

Milton, Ill., July 10.—Burglars entered the Exchange bank of this city Monday night and blew open the safe which contained several thousand dollars. The inside combination cannot be opened and it is not known whether they secured the money. The work was evidently done by professionals, as the telephone wire was cut between this place and Pittsfield.

Forty Men Killed.

Alexandria, July 10.—A caisson of the big bridge now building at Nagehamed by a French firm, collapsed yesterday, and forty workmen perished.

Railway Congress Adjourns.

London, July 10.—The International Railway Congress has dissolved. The next congress will meet in Paris in 1900.

CANADA'S RAILWAY HORROR.

Thirteen Bodies Recovered From the Grand Trunk Wreck—List of Victims.

Quebec, July 10.—Yesterday's accident at Craig Road on the Grand Trunk Railroad, resulted in the death of thirteen persons and the injury of twenty-nine. Among the victims, who were pilgrims, were three priests.

Following is a list of the victims. The dead are: CHARLES BEDART, mail clerk, Richmond. MISS BEDART, Richmond. HECTOR M'LEOD, engineer, Richmond. RICHARD PERKINS, fireman, Richmond.

REV. J. T. MERCIER, Richmond. REV. E. P. DINGAN, Windsor Mill. MR. COGAN, Richmond. MISS VALIN, St. Joseph de Levis. AUNT OF MISS VALIN, name unknown.

MISS PHANEUF, St. Joseph de Levis.

MRS. J. E. CAVER, Danville.

MISS DELCOURT SHEFFIELD, St. Joseph de Levis.

JOHN O'FARRELL, Capleton. The injured are:

John Cadieux, Danville.

J. B. Cayer, Danville.

Seraphine Cayer, Danville.

Joseph Cayer, Danville.

Louise Cayer, Danville.

Virginia Silvestre.

Francis Fontaine, Broughton.

Louis Gaudet, Arthabacville.

Patrick McHugh, Capleton.

Pierre Allard, Richmond.

Antonia Babil, Arthabacville.

Hercules Descoteaux, wife and son, Danville.

Rev. F. Deri Rosiers, Broughton.

J. Quinlan, Montreal.

Cyrille Emillard, Sherbrooke.

Delina Gosselin, Sherbrooke.

Mr. and Mrs. Hamel, Danville.

Mrs. Louis Morin, Windsor.

Olivine Morin, Windsor.

Mrs. Frank Caker, Danville.

Her 6-year-old daughter.

Mrs. Zephir Lamelin, Windsor.

Lazare Godbout, Windsor Mills.

Joseph Richard, Brompton Falls.

Clophas Charest, Coaticook.

Bennett Bassier, Pullman car porter, Toronto.

It is believed that several of the injured will die.

A very large pilgrimage from Sherbrooke, Windsor Mills and Richmond had left the latter town about 10 o'clock last evening for the shrine of St. Anne de Beaupre. There were two sections of the train, one running a few minutes behind the other.

The first section was standing at the Craig's Road station taking water when the second section, passing the semaphore, dashed into the rear Pullman coach of the first section, smashing it to kindling wood, and killing, it is said, everybody in that car except the Pullman conductor, who saved his life by jumping.

Engineer McLeod and Fireman Perkins, of the second section, were both killed outright.

The Pullman coach was telescoped into the first-class cars of the first section, killing a number of passengers riding in them. Among the killed are three priests.

Both sections of the train were filled with pious Catholics on their way to the special religious services which are held at this time every year at the little village where the shrine of the saint is situated. The number of those who were making the journey to St. Anne's this year was unusually large. The sections of the excursion train were running very close together, and the passengers were all happily unconscious of the impending danger when the trains crashed together.

The collision occurred at Craig's Road station, a little place where there is a water-tank. The first section of the train reached this point only a few minutes ahead of the second section. It is supposed that the crew of the first section thought the rear section to be farther behind than it really was. The men on the second section knew nothing of the intention of the first section crew to stop for water at Craig's Road and continued on at full speed. The engineer and fireman of the second section did not see the other train till it was too late to make any attempt to prevent the collision and both men were killed.

The impact of the rapidly moving locomotive on the standing cars was fearful. The engine tore its way through the rear Pullman coach on the forward train, smashing it to pieces and killing all who were in it. The force of the collision sent the second Pullman car telescoping through the passenger coach just ahead of it, killing or injuring the occupants. Many who were hurt by the broken timbers of the wrecked coaches were badly cut by the splintered glass, and others were badly scalded by the steam from the wrecked engine, which lurched to one side as it struck the Pullman car.

The scene immediately following the collision was fearful. The survivors were so terrified and shocked that they seemed for the time being paralyzed and unable to do anything. A few cool men began the work of rescuing the wounded who were caught in the wreck, and bringing the bodies of the dead from beneath the debris piled on them. The injured were carried into the neighboring houses, where such medical assistance as could be had was given them.

There were a number of priests with the party and they administered the last religious consolations to the dying. The dead bodies were placed in the little station-house. Telegrams for assistance were sent and soon two special relief trains were on their way to the scene of the disaster.

The trains carrying the pilgrims were made up of residents from Sherbrooke, Magog, Windsor Mills, and surrounding parishes. A special train from Lewis with railway officials, a wrecking train, and doctors did good service in their respective spheres. A train was made up about 9 o'clock and most of the dead and wounded were conveyed in it to Levis.

King Alfonso III.

Madrid, July 10.—King Alfonso III is slightly indisposed.

A RICH SALOONIST
IS FATALLY SHOT

BLOODY SALOON ROW AT ASHLAND LAST NIGHT.

D. A. Williams Gets a Bullet From Detective John Howe's Revolver and Will Die—Many Fish Nets Seized—Strike at Giles—Other State Specials.

Ashland, July 10.—[Special]—D. A. Williams was shot in the abdomen by Detective John Howe last night, the deed being the result of a bar-room altercation. Williams was formerly a saloon keeper at Madison and was quite wealthy. Howe was sent here by the Wisconsin Central railroad in the strike case. Williams is still alive but his wound is fatal.

Many Fishing Nets Seized.

Neenah, July 10.—State Game Warden Ellarson and his deputy raided five miles of fishermen's nets last night along Winnebago lake. This morning they confiscated over \$1000 worth of illegal fishing apparatus.

Strike at Giles Win.

Giles, Wis., July 10.—The employees of the Montreal lumber company went out on a strike last night and this morning the office hands are shoveling lumber with the mill running full force.

May Let Lunatics Loose.

Milwaukee, Wis., July 10.—Court Commissioner Ryan yesterday rendered a decision which, if sustained by the Supreme court, will release half the lunatics in the institutions of this state, and will necessitate an extra session of the legislature to pass a law which will properly provide for the commitment of insane persons. The opinion also shows that perfectly sane persons can easily be committed to insane asylums in this state. It was rendered in the habeas corpus proceedings in behalf of Michael O'Laughlin, in which case the question of the constitutionality of the law under which commitments to insane asylums are made is raised. The commissioner holds the law void and contains the rather sensational assertion that O'Laughlin had been committed to the asylum apparently for no better reason than because he had commenced certain lawsuits.

John R. Gentry's Fast Mile.

La Crosse, Wis., July 10.—The weather, a fast track, and good attendance were the features of the afternoon at the La Crosse Driving Park. The fast mile, by John R. Gentry, was the event that attracted most attention. The first quarter was paced in .32, the half mile in 1.04, the three-quarters in 1.36, and the mile in 2.06 1/2.

Dragging Lake Geneva.

Lake Geneva, Wis., July 10.—Soundings show the water in the vicinity of the sinking of the Dispatch to be 150 feet deep. With the apparatus on hand the diver is unable to accomplish much. The report that Walker, of the Yerkes observatory, was drowned is a mistake. He is alive and all right, and was not on the lake Sunday.

To Be Chief Justice of Wisconsin.

Milwaukee, Wis., July 10.—It is said Gov. Upham has practically decided to appoint Circuit Judge Charles M. Webb of Grand Rapids to the Supreme court justiceship vacancy created by the recent death of Chief Justice Harlow S. Orton.

MOURN THE LATE SPEAKER.

Illinois Senate and House of Representatives Meet and Adjourn.

Springfield, Ill., July 10.—There was not a large attendance in the senate yesterday. Quite a number of members on both sides were absent. The chaplain in his prayer referred feelingly to the death of Speaker Meyer. The journal was read and then, on motion of Aspinwall, the senate decided out of respect to the family of the late Speaker to do no business and an adjournment was taken till 10 o'clock today.

In the house the speaker's stand was draped in black and the picture of the late Speaker Meyer hung on the wall back of the chair. Mr. White of White-side called the house to order, and, by direction of the republican side of the house, chose Mr. Needles for temporary speaker. After the usual honors had been paid to the memory of the late Speaker Meyer, on motion of McCarthy the house then adjourned to 10 o'clock this morning as a mark of respect to the late speaker.

GUARDED BY MILITIA.

Virginia Mob Bent on Lynching a Colored Man.

Berryville, Va., July 10.—Henry Robinson, a colored man, who is charged with committing an assault on a young white girl, about a week ago, is now guarded by the Monticello guards of Charlottesville, who are here by order of the governor. A mob bent on lynching was fired upon by the sheriff and his deputies Saturday night and dispersed for a time, but yesterday they reassembled in greater numbers, thus rendering an armed force necessary. The end, it is feared, is not yet. The sheriff of Clarke county has sworn in twenty extra deputies upon information that the colored people will besiege the jail and forcibly take the prisoner to a place of safety.

Temperance Men Meet.

Warren, Ohio, July 10.—The fifty-fourth annual convention of the Catholic Abstinence Union of Ohio and Commandery Knights of Father Matthew of America commenced here yesterday, with about fifty societies represented. Bishop Watterson, of Columbus, and other leading Catholic clergymen of Ohio were among those who addressed the convention.

CORNELL IS BEATEN
AMID LOUD HISSES

TRINITY CREW GIVE BRITONS A CHANCE TO YELL.

Crowd Jeers At the American Oarsmen—Defeat Clearly Due to Poor Condition of the Men, Several Growing Dizzy in the Boat and On Painting.

HENLEY, July 10.—Cornell's colors were lowered today. Trinity college beat the American crew eight lengths. The Cornell men were very plainly out of condition. Several men got dizzy and one fainted as the boat crossed the line. The British were jubilant and many in the immense crowd hissed the Americans. No protest against yesterday's decision has been made yet. The Leanders, the present holders of the cup, were not ready when the umpire gave the word and did not start. Their fluke gave the American boys the heat without a struggle, though they rowed over the course, making the distance, about a mile and a half, in 8:11. The Leanders are expected to enter a protest.

OLD MAN AND SON MURDERED

Bloody Deed With No Apparent Cause—Mob's Distasteful Action.

Princeton, Ky., July 10.—A mob of masked men went to the residence of Joseph Howton, at Lewiston, eight miles from this county, Monday night and murdered him and his son, Howlet Howton. Just as the clock struck 12 one of the mob knocked on the door, and asked to see Howlet Howton. He came to the door, and after talking a minute or two, was seized and pulled outside and shot through the body. The mob then dragged him to the gate and shot him seven times. After they had finished him, the gang went back to the house.

The white-haired father begged that they spare his life and the lives of his family. But his entreaties were unheeded and they made him back up into a corner so they could shoot him without danger to his wife and daughters. The leader deliberately counted ten and then five of the men fired at the old man. One ball struck him in the wrist, another in the abdomen, and a third in the groin.

The men then left the house, taking with them a boy who worked on Howton's farm. They carried him to a vacant building and fastened him up, telling him they would kill him if he attempted to escape before daylight. One of the women was so badly frightened that she was utterly prostrated and her death is looked for.

There is no theory as to the cause of the mob's action. The Howtons were inoffensive people and stood well in the community.

The sheriff and a posse, with the county attorney, have gone to the scene of the double murder to make a thorough investigation and it is believed that the murderers will be apprehended. If they are caught they will be lynched.

AGED WOMAN MURDERED.

Her Young Daughter and Her Grandson Held for the Crime.

Grand Rapids, Mich., July 10.—Mrs. Levi Pierce, aged 60, who lived two miles southwest of Berlin, Ottawa County, was murdered Sunday morning, and her daughter, May Pierce, aged 13, and her grandson, George Keesbro, aged 18, are now in jail in Grand Haven, awaiting examination. The body of Mrs. Pierce, when found, was a horrible sight. The chin was gashed, the teeth were knocked out, and the neck was black and bruised, as if she had been choked to death. There were evidence of a terrible struggle.

The boy has confessed that he did the deed. He says the little girl only looked on. But the woman, it is thought, could easily have mastered him unaided. Mrs. Pierce was a vindictive woman and had a bad temper. She often whipped the girl severely on slight pretexts. It is believed she was whipping her daughter when young Cheesbro came to the latter's assistance, and both choked the woman to death. The alleged murderers still wear short frocks and hardly look their age.

TEACHERS OF A NATION.

They Assemble in Denver and Elect Officers.

Denver, Colo., July 10.—The teachers of America yesterday afternoon went to the Central Presbyterian church to attend the opening exercises of the general session of the convention. Many more came in on regular and special trains until Illinois registered over 300, Missouri 400, Nebraska 250, Kansas 275 and Iowa 345. The New England states are well represented, the southern states are prominent and the Pacific slope has sent a delegation that cannot be hidden. This is believed to be the largest and most thoroughly national educational convention ever held in this country. The executive session of the national council was held in the morning. The following officers were selected by the nominating committee and ratified unanimously: President, Henry S. Tarbell, Rhode Island; vice-president, Earl Barnes, California; secretary and treasurer, Beattie A. Dutton, Ohio; executive committee, Charles De Garmo, Swarthmore, Pa.; D. L. Klehl, St. Paul, Minn.; J. R. Preston, Jackson, Miss.; James M. Greene, Trenton, N. J. Two sessions were held yesterday, and at each of them overflow meetings had to be arranged. The work of the departments begins to-day.

All Quiet at Elkhorn.

Welch, W. Va., July 10.—All is quiet at Elkhorn. Only two arrests were made—two negroes—one for trying to hang an imported miner and another at Lick Branch, Oliver Ray, known as the silver-tongued orator, who in a speech advised blowing up engines and dynamiting the seven-eighths mile tunnel. Ray is in jail.

RAIN SPOILS PLEASURE.

Meeting of the Christian Endeavorers Marred by Wet Weather.

Boston, Mass., July 10.—The fate of the plan to move the Christian Endeavor headquarters to Chicago will be decided at the meeting of the Trustees at the Brunswick Hotel at noon to-day. This board consists of thirty-three members and it is the governing body of the International Society. It is supreme in all business matters. President Clark will act as ex-officio chairman and the secretary is Mr. Baer. There is going to be a bitter fight over this matter, and President Harper of the Chicago University, who is a member of the board, is going to argue the cause for Chicago. Another plan that is attracting considerable attention is one proposed by Canada. The delegates from the Canadian provinces propose to organize a union for the Dominion of Canada, and is likely action will be taken at this convention.

Rain has sadly interfered with the pleasure of the delegates and visitors to the convention. All the indications point to an enormous crush within a day or two. This is evident from the preparations of the members of the reception committee. E. J. Merriam, who has charge of receiving guests coming over the Boston and Fitchburg railroad, said yesterday: "We are receiving notice to-day that a great many trains which were to have come in two sections are coming in four sections. That means that the attendance has been underestimated. We are expecting an inundation. Why, we have reliable information there will be at least 25,000 delegates present from Massachusetts alone."

Four cities on the Pacific coast are going to put forth strenuous efforts before the Board of Trustees of the Christian Endeavor Society for the '97 convention. Seattle was the last of the four cities to come into line for this honor, the others being Los Angeles, San Francisco and Portland, but it is safe to say Seattle will put up as strong an argument as any of them.

Northwestern Rates Cut in Two.

Omaha, Neb., July 10.—The Union Pacific will reduce west-bound freight rates from the Missouri river to Montana and Idaho common points and bring that section of the country into closer touch than ever before with the Missouri river gateways. The notice was given last night and it is expected to provoke a big rate war. The cut will average one-half. Heretofore the Union Pacific has been maintaining higher rates to Montana and Oregon than to intermediate points, and it was for the purpose of making all rates equal, distance considered, that the changes were decided upon.

Robber's Pathetic Story.

Chicago, July 10.—The body of the man who was shot and killed by Police-man Rosenthal in front of the Auditorium Monday night has been identified as that of Charles Gorman. Monday afternoon Gorman received a telegram from his wife in St. Paul saying that his baby daughter had died the night before. He made every effort to secure money to take him to where his dead baby was, and after repeated failures, in a moment of desperation, he committed the act which resulted in his own death.

Five Lost in Lake Keuka.

Penn Yan, N. Y., July 10.—On Lake Keuka, yesterday Perry Tufts, his wife and three children lost their lives by the capsizing of a sailboat. Their boat was found drifting with a string dragging behind, to which was attached a toy boat that one of the children had. The string was tangled up around the bodies of all three children. The bodies of the father and mother were recovered shortly after, the mother having one of her children clasped in her arms. The children were all under 12 years of age.

Preacher Shot to Death.

Bedford, Ind., July 10.—W. B. Colvin, a lawyer, shot and killed Josiah Stevens at Indian Springs Station yesterday. Both parties reside at that place. Stevens is a preacher. Just how the trouble arose is not known. Stevens, it is said, first drew his revolver, whereupon Colvin drew a knife and retreated to his home. He returned with a revolver, and shot Stevens five times in the breast, and then escaped.

Ten Warships in Line.

Washington, July 10.—It is the hope of the Navy Department to get every available ship of the North Atlantic squadron ready for sea service by August 1 next in order that they may take part in the maneuvers which are to be conducted by Rear Admiral Bunce, the commander of the station. The scene of these maneuvers and the plan of operations are not yet decided upon, but it is expected that at least ten modern warships will participate.

Railroad Sold for \$5,000,000.

Hartford, Conn., July 10.—Francis P. Lowrey, master commissioner appointed by the United States courts, sold the New York and New England railroad yesterday at public auction in the United States court room in foreclosure of the second mortgage bonds to John W. Simpson, counsel for the reorganization committee, for \$5,000,000. Simpson was the only bidder.

Earthquake at Shawneetown, Ill.

Shawneetown, Ill., July 10.—An earthquake was felt here at 2 o'clock yesterday morning. The shocks were severe. Many people were aroused from their sleep by the loud rumbling and were alarmed for the safety of their families and buildings.

Employers Win Their Strike.

Canton, Ohio, July 10.—The striking employees of the Canton Steel company returned to work yesterday with a general increase in wages of 13-13 per cent to affect all departments engaged in the strike. About 275 men were involved in the strike.

Receive Increased Pay.

Ludlow, Ky., July 10.—Three hundred employees of the Pullman shops at this place have received an increase of 10 per cent in wages.

A WAUWATOSA FIRE
BRINGS HEAVY LOSS

FIFTEEN DWELLINGS AND SEVERAL STORES DESTROYED.

Flames Start Near the Railroad Depot And Trains on the St. Paul Road Are Held In Consequence—Aid From Milwaukee Is Summoned.

Wauwatosa, July 10.—[Special]—A serious fire that threatened the entire village of Wauwatosa, started this morning in a bakery, and before the firemen could get to work it had gained such headway that help from Milwaukee had to be summoned. The fire is still spreading, after burning a number of business houses and fifteen dwellings. It started near the depot, and all trains on the Mineral Point division of the St. Paul road were blocked.

HAY IS A HALF CROP BUT GRAIN HEAVY

FARMERS HALF DONE WITH THEIR HARVESTING.

Rye Promises Well and Oats Will Be a Heavy Crop the State Observer Thinks—Stock Being Shipped Away for Lack of Pasture—Potatoes and Corn Are Thriving.

The hot and dry weather of last week was highly favorable for hay-making and harvesting, both of which have been vigorously pushed forward. Haying is about half done. State crop observers report that the rye and barley harvest is well advanced, and the larger portion of those grains will be secured during the coming week. The drought in the south central portion was but slightly relieved by Sunday's local showers. More rain is needed throughout the state.

Rye is generally a good crop; the berry is of good size, the heads long but not as well filled as they should be. Barley is in fine condition throughout the state and in some of the western counties was never better. The hay crop is every where reported extremely light and in some townships it is not worth cutting.

Very Short Crop of Hay.

Grasshoppers and chinch bugs are causing considerable damage to grain and hay, but the most serious difficulty at present is the short pasture feed. Many pastures are entirely dead and farmers find it difficult to supply food for stock, some are cutting half ripe oats for that purpose, while others turn cattle into meadows. Lafayette county cattle are being shipped away, there being nothing for them to eat.

Potatoes look well but potato bugs are becoming more plentiful. Corn shows no ill effects from drought even in dryest sections. The few fields of winter wheat promises a good yield. Tobacco shows very uneven growth. The oat crop is generally reported good and a heavy yield is expected.

CHINCH BUGS AROUND MILTON

Mach Damage Done—Spectacle Peddler Under Arrest—July 4 Expenses.

MILTON, July 9.—Chinch bugs are very numerous and doing considerable damage. Potato bugs are not as numerous as in former years and in some localities have succumbed to one treatment of paris green. Marshal Anderson arrested a stranger here Saturday, who was selling spectacles, on suspicion that he was concerned in the late burglary at Madison, but a search of his person failed to show his being in possession of the stolen property and he was presented with a "tie pass" out of town.

The following is a statement of the receipts and expenditures of the Fourth of July committee.

Received from subscriptions and rent of stands \$61. Expended: for fireworks, \$54; base ball, \$2.50; bicycle races, \$8; foot races, \$6.50; total, \$91.60. The safe arrival of the steamer, Furst Bismarck, on which Miss Belle Walker of the college faculty sailed is reported from Hamburg. D. E. Baker has bought a farm at Lake View, California and will go to that country this fall. J. M. Grier came up from Janesville Saturday night and spent Sunday with D. Williams. A black and brown bear accompanied by human brutes were on streets an hour or two Sunday.

light shower here Sunday afternoon at 4 p. m. for a few hours, but did not do much good. George Algard of Oregon, visited Milton Tuesday. Dr. E. Crandall and wife returned to Chicago Tuesday morning, preparatory to their Kansas-California trip. Forty degrees colder Monday than it was Sunday. E. P. Clark has sold the Mrs. H. L. Davis property on High street, to Mr. Wing, consideration \$1575. On Thursday July 11, the Milton and Jefferson clubs play here. The Jefferson club has not been beaten this year, and is one of the best in the state. Remember the date, Thursday July 11. The Rebekah Lodge installed its officers Saturday evening.

BRADFORD BARLEY IN THE SHOCK

May Crop Is Light—Diseased Chinch Bugs From Kansas Used.

EMERALD GROVE, July 9.—Barley is already in the shock. The chinch bugs are doing great damage to grain and it is a question whether the corn will be saved or not. A few are trying the introduction of diseased bugs from Kansas which seem to do good when properly attended. A heavy rain fell on Sunday afternoon which has been followed by a cold wave. Sunday afternoon the heat was intense, anywhere from 95 to 105 degrees in the shade. The shower was badly needed for all kinds of growing crops. Haying is about done and the crop is light. The picnic on the Fourth was well attended by people from far and near. Appropriate exercises were held followed by speeches that were applauded by an appreciative audience. After dinner various games and sports were tried and the winners received prizes, some of which were donated by Ziegler, the clothier, Hall & Co., A. C. Munger, A. B. Sheldon, Putnam Bros. and E. M. Bostwick, of Janesville. Mrs. Lorentzen won Putnam Bros' rocker for the largest family present (ten); Miss Jessie McCartney won the runaway race, and took Hall & Co's gold ring. The ball game was won by the home nine, score 13 to 14. Rev. Samuel Plantz and family spent the Fourth with Mr. Plantz' father and mother. Miss Cora Spear visited friends in and about the village last week. Gillies & Jones are well sup-

plied with harvest goods, such as forks, rakes, machine oil, &c. Mr. and Mrs. H. A. Forbes returned to Trinidad, Colorado, on Tuesday. The Y. P. S. C. E. will hold a social at A. D. Clark's, near Fairfield, on Thursday evening, July 18. A fine program is being arranged. Ice cream will be served. Arthur Butler has accepted work in the blacksmith shop at Clinton and commenced work today. Miss Jennie D. McArthur and Miss Minnie Austin will go to Chicago this week to spend the summer at the Moody Bible Institute. The Rock County Sunday School association will hold a convention at the Emerald Grove Congregational church, on next Sunday. Meetings at 10 a. m. and 2 and 7:30 p. m. Neighboring churches are invited. Bring dinner, feed for horses, and stay all day.

MILTON JUNCTION SOCIAL NOTES

News of the Village Summed Up in a Series of Small Items.

MILTON JUNCTION, July 9.—Mrs. D. Coon gave a tea party to a number of ladies Monday afternoon in honor of Mrs. M. J. Stillman, of Richburg, N. Y. Those present from outside the village were: Mrs. Frank Gensler, of Hartford City, Ind.; Mrs. Prof. Perley Clarke, of Highland, Wis.; and Mrs. Prof. Thomas, of Milton. Charley Clarke went to Walworth Monday morning. He took with him some parlor furniture as a present to one of his nieces. He bought the set of Coon & Shaw. Fred Excell, of Chicago, and Earl Coon, of Janesville, visited at A. Coon's last week. Mr. Blacklaw, of Chicago, is visiting his brother-in-law, John Blacklaw, of the bakery. Mrs. Vanlone and daughter have gone to Hebron for a few weeks' visit. Prof. Will Allen, wife and daughter of Woodford stopped here Monday on their way to Milford, where they expect to teach the coming year. Miss Pomroy of Edgerton, has been engaged as principal assistant, and Miss Lola Partridge as primary teacher in the Junction, the coming year. Mrs. Bert Luck and two sons of Stoughton visited at Mrs. Peckhams last week. Mrs. Charles Palmer and children of Oshkosh, are visiting her sister, Mrs. Price and other relatives here. Geo. Bussey, formerly of Albion, called at Prof. Crandall's Saturday. Minerva, Winifred, Helen and Warren Coon attended Addie Miner's birthday party Wednesday. Mrs. Jay Jones and Mrs. Joe Jones, of Clinton are visiting Will Gates. J. B. Campbell has had a job of painting at Lima recently. Mr. and Mrs. Cottrill and the twins visited at Appleton the past week. Mr. Seavey came up from Belvidere to spend Sunday with his family. Mr. Clarke and two children from Mount Vernon visited at Will Vanlone's Friday. John Blacklaw, the baker, spent the Fourth of July in Chicago. Bert Button and wife spent the Fourth out of town visiting friends. Mr. and Mrs. George Stockman went to Mazomania to visit Mr. and Mrs. Sherman Crandall last week. Mrs. Nina Hinckley has been visiting at Whitewater recently. Prof. Crandall is moving his family into their new home this week. Mrs. J. L. Polk left for her home in Greenwood, Ind., Friday. Miss Addie Miner entertained a company of little friends Wednesday afternoon, it being her birthday party. Mrs. Mary Babcock returned from a visit at Rockford Friday. Israel Kelly and wife spent Saturday at Whitewater.

STATE FAIR ART DEPARTMENT

Superintendent Heimstreet Working to Make It Attractive and Complete.

E. B. Heimstreet, of this city, superintendent of the art department of the state fair, is sending personal letters all over the state to artists, calling attention to the changes in that department, and he is confident that the premiums in painting and china work will bring out exhibits from every town and city in the state, which will make this department a feature of the fair. Mr. Heimstreet will be assisted by Miss Jessie Schley, of Milwaukee, and Mrs. Charles A. Scott, of Madison. A large aquarium of gold fish and a fountain will be in the center of the hall. Ferns and plants will be placed around it, and seats are to be provided.

"I predict," said Mr. Heimstreet, "that the art rooms will be the center of attraction at the next state fair. Every artist in Wisconsin, professional or amateur, should read over the prizes given for painting."

C. M. & ST. P. MEN GO BACK TO WORK

Old Employees Restored To The Rails As Business Picks Up.

During the business depression the Chicago, Milwaukee & St. Paul Railroad Company laid off about 15 per cent of its employees. These men are now being re-employed. At the office of Assistant General Superintendent Underwood it was stated that the work of putting old employees back to work was going on every day, and as fast as the additional business warranted it the employees were sent for.

SPRING BROOK FOLK PLAN A BIG TIME

ARE LOST WITH JACKSON STREET BRIDGE CLOSED.

Therefore They Will Mark the Completion of the Repairs With a Celebration—Spectacle Venders Unsuccessful—Factories Doing a Good Business—Other Notes.

If the people of the Spring Brook addition ever felt lost it is at present, for, as many of them express it, they are cut off from the outside world when the Jackson street bridge is closed and they can hardly realize how they used to get along before the bridge was there. As many as fifteen farmers teams were counted at one time at the north end of the bridge, with the drivers swearing vigorously on account of the bridge being closed, which made them cross the Monterey bridge which was nearly two miles out of their way. Frank O. Samuels of the firm of Samuels & Kuehn says it has hurt his business considerably for farmers by the hundreds now drive into the city, via the Monterey bridge and the old Spring Brook road, who formerly took the Jackson street route.

The Work Under Way.

Stewart & Cullen, who have the contract for remodeling the bridge, have been pushing the work through as quickly as possible. They commenced on the north end and are replanking it only, for the stringers are still in good condition. At the south end of the bridge, a number of new piles have to be driven to replace those that have sunk away from the bridge while the planking will be carried out the entire length.

As soon as the structure is reopened a time that would remind one of a Fourth of July celebration will be carried out by Spring Brook residents. The jollification will take place on the flat, at the south end of the bridge and it will be a big time. So happy are the people that negotiations are being made for the Imperial band, while speeches will be made, and a barrel of lemonade will be at the disposal of those who attend.

"Spectacle Men" at Work.

While a crowd were seated about the store of Samuels & Kuehn, two burly tramps came in, and offered to sell a pair of gold spectacles for eight dollars, but finding no purchasers, they dropped the price to five dollars, and then to fifty cents. Finding that no one wanted the glasses, the men walked out, swearing to themselves and slamming the door after them. They took the wagon road toward Beloit, and there is little doubt but what the glasses were illegally secured, as the game is one that has been worked in many places. The glasses are usually worth about 15 cents a pair, and rather expensive at that price.

Factor is Do a Good Business.

A talk with manager James J. Hall of the Hall Furniture factory, developed the fact the factory would start up next Monday, with a large force of men, they having already orders enough to run with a capacity of six hundred tables a month.

The Dry Extract Company's factory which has been shut down the past week, to allow their help a week's celebration of the Fourth have started up and are now running at full force again.

NOTES OF NEWS BRIEFLY PUT.

The creeks and the numerous branches of the river still seem to get lower and it keeps on there soon will be no "Spring Brook." Old timers who reside in the addition say the creek is the lowest it has been in years while Lake Koshong is twelve inches below low water mark.

An unusually large number of Eastern avenue residents have been called to time by Weed Commissioner Noyes who informed them of weeds in that locality and said they must be cut.

The road bed on Eastern Avenue has been much improved of late, from McKee Boulevard to the street car tracks, the road being plowed and scraped.

The carpenters are rushing the work along on Charles Huebels new house on McKee boulevard, and the masons will soon take hold.

Charles and Oscar Larson, who reside on McKee boulevard are arranging their camp for a week's outing up the river.

Main street residents claim that the driving on that street has increased since the closing of the Jackson street bridge.

Fewer cyclists whizz about the streets in the Spring Brook addition since the closing of the bridge.

A car load of planks have been unloaded near Jackson street bridge, from the Northwestern side track.

D. D. BENNETT has been improving his McKee boulevard residence by building an addition.

Miss PERMDIA WILLELMY who resides on McKee boulevard, is visiting friends in Hanover.

One of the first hay crops to be harvested in this locality is being taken in by L. Cronin.

The recent rains have helped the crops and early potatoes are now being dug.

Stack.

Stuck on our goods are labels bearing the lowest prices ever quoted for the same line of goods. Lowell's Midway annex.

BRIEF BITS OF LOCAL NEWS

The policy of some dealers is to see how cheap they can sell shoes. They don't care particularly what they are if they are only cheap. We believe such a policy short sighted, and the worse possible policy. We figure for the best of its kind, be it a farmers plow shoe or a lady's hand turned boot. We believe the best is always the cheapest. Brown Bros. & Lincoln.

Some buggies you buy look well for a year, next year they need painting and possibly some repairs, the following year they need other repairs and in five years you need a new vehicle. Not so with the Henney it will last and look good with a little care almost a life time, best material and workmanship only used. F. A. Taylor.

THURSDAY, July 11, you can visit Waukesha via C. & N. W. railway at the extremely low rate of \$1.50 the round trip. Leave Janesville 9:10 a. m., reach Waukesha 11:00 a. m. Returning leave Waukesha 7:00 p. m. This will be the excursion of the year from Janesville. Positively no crowded cars.

Don't be afraid. If the goods are not exactly what we represent, we will refund your money. We are after business and are holding it by honest methods. People who buy at our summer suit sale will come again another day. Frank H. Baack.

Pin your thought right here. That the Marzluft shoes are the best in this city, that Lowell is the sole agent. Also you can save just \$1.00 on each pair. Don't forget that. Lowell, the hustler.

King's Daughters' lawn fete at Mr. and Mrs. George Crane's Wednesday evening. Splendid time for all. Carriages leave King's Pharmacy at 7:30 and every half hour after.

They are yours. They belong to you with little money those summer suits. You won't be sorry, either. They can't be duplicated for the money. Frank H. Baack.

If you remain at home Thursday, July 11, you will miss the best excursion of the year from Janesville. Leave C. & N. W. depot at 9:10 a. m. Round trip only \$1.50.

BETTER get a pair of those ladies' tan oxfords at 75 cents. They are all solid and the same as the other fellows are asking \$1.25 for. Lloyd & Son.

ONLY \$1.50 the round trip to Waukesha, Thursday, July 11. Leave Janesville 9:10 a. m. Positively no crowded cars on this excursion.

From shoes to shoes and back to shoes again and what have you left? Nothing but shoes and bargains. Becker & Woodruff.

We will give you better value than any other house in Janesville for the money. No humbug about this sale. Lloyd & Son.

THE Eastern Star Lodge will meet at Masonic hall, Wednesday evening July 16 at 6:30. A full attendance is desired.

We want to sell these shoes; we want to sell you your shoes and give you the benefit of the profit. Lloyd & Son.

Those tan shoes are selling like hot cakes. No wonder at the price. Prices cut in two. Lloyd & Son.

We don't shoe flies, but we do shoe people at 50 cents on the dollar of former prices. Becker & Woodruff.

ONE good cross spring buggy for sale cheap. F. A. Taylor.

It Must Be Perfect.

Did you ever see an article put upon the market that has met with great favor with the public that was not as nearly perfect in the manufacturer's eyes as it could possibly be made? They couldn't afford to push the commodity if it had no merit. So it is with Sprague, Warner & Co. and Perfection baking powder. This concern has left no stone unturned to show the superiority of Perfection over other brands, and knowing its pure qualities, are not sparing of expense in placing it before the people. Ask your grocer for Perfection.

The Reason.

It means either one or two things a clothing sale we mean the dealer must be pressed for money or he has a large stock that must be moved to make room for seasonable goods. Our summer suit sale has been inaugurated for the latter reason. We had clothing and purchased more to open this sale on, and our prices are moving the stock. Improve this passing shot, it's for your interest. Frank H. Baack.

The Calamity Clothing.

This stock of clothing was bought within one year, all nice, new and stylish goods. We bought it for just one-half of the wholesale cost. Don't you think that we are fixed to give you bargains? Better look our stock over. Then don't forget that we can save you \$1 on each pair of Marzluft & Co's shoes. Lowell Hardware Co.

MRS. S. B. SMITH GAVE A CHARMING TEA

TWO SCORE OF FRIENDS ENJOY HER HOSPITALITY.

Rooms and Tables Were Tastefully Decorated and Whist and Sociability Made the Time Pass Quickly—Lawn Social at Captain Ruger's—N. O. W. Club Party—Social Notes

A number of lady friends of Mrs. Stanley B. Smith responded to the invitations issued by her, to a 6 o'clock tea given last evening at her Garfield avenue home in Forest Park. It was the intention first to serve tea upon the beautiful lawn, but on account of the sudden change in the weather, the guests were served in the house, where a dainty luncheon was enjoyed. The rooms and tables were tastefully decorated with flowers, and the following young ladies served the refreshments in a faultless manner: Miss Elizabeth Norcross, Mrs. H. D. Hoover, Miss Marion Wiggins and Miss Grace Brownell. After refreshments were served, whist was the attraction for which three honors were awarded. Those present were:

LAWN SOCIAL AT CAPT. RUGER'S.

Willing Workers of the Presbyterian Church Entertain Delightfully.

Despite the fact that the breezes that made the tree tops quiver last night were rather chilly, a large crowd attended the lawn social given by the Willing Workers of the Presbyterian church at the home of Capt. and Mrs. Edward Ruger on Ruger avenue. Chinese lanterns and a locomotive headlight were used to light the grounds and the tables were in charge of the worker's band who served the guests in a graceful manner. An oriental fortune teller did a thriving business and the candy booth was also a center for considerable trade. A four horse carnyall conveyed people to and from the social and all who attended enjoyed it very much.

N. O. W. CLUB'S UP RIVER DANCE

Jolly Party Enjoyed a Pleasant Evening At Mayflower Park.

A gay party of young people spent a very pleasant evening at Mayflower Park last night, the occasion being the first-up river dancing party given by the N. O. W. club. The weather was delightfully cool. Smith's orchestra never furnished more inspiring music and as the committee of arrangements had attended to all the details of the affair, it proved to be a rarely pleasurable one. The N. O. W. club has always given charming parties and this one was no exception to the rule.

MINOR SOCIAL NOTES.

THE Woman's Foreign Missionary society of the First M. E. church, will give a lawn social at the home of Mrs. A. W. Hall, 51 Cherry street, this evening, for which music will be furnished by the Y. M. C. A. orchestra.

THE Thoughtful Circle of King's Daughters will give a lawn social at Elm Lawn, the home of Mr. and Mrs. George Crane, this evening, and carnyal s will run from King's pharmacy.

MRS. W. B. CONRAD has issued invitations for a reception to be given Wednesday evening, July 17, from 6 to 8 o'clock, and in honor of Mrs. J. Henry Conrad, of Chicago.

THE Baptist Sunday school scholars held their annual picnic at Crystal Springs yesterday, and a large crowd of young people had a merry time.

Don't Do It.

Don't throw them away. A little repairing would make them last a long time. You wouldn't cast your watch aside because it failed to register the hour of the day. You would consult some practical watch tinker and have the difficulty removed why not give the shoes the same chance? We have a first class shoemaker. Brown Bros. & Lincoln.

The Old Curiosity Shop.

Can you locate it? You ought to be able to because you live in it. This world is the biggest curiosity shop that we have ever known anything about up to date. Jupiter or Saturn may be able to discount it. Perhaps, and perhaps not. It is pretty full of people who are continually tinkering with themselves—patching themselves up so to speak, in a medicinal way. If they are constipated, bilious or dyspeptic they rush to the nearest druggist for a violent purgative if the are malarious they fly for relief to that ancient but ineffectual reliance—the sulphate of quinine. This is what they shouldn't do. What they should is to begin and pursue a course of Hostetter's Stomach Bitters, the premier of alteratives and anti-malarial specifics, particularly valuable also for rheumatism, neuralgia, nervousness and debility, and a promoter of sleep and appetite beneficial to all chronic invalids.

Exceeding His Instructions.

The curtain had risen on the third act, and the momentary hush that preceded the resumption of the performance on the stage was broken by a stentorian voice from the rear of the auditorium:

"Is Dr. Higginspiker in the house?" A tall, heavily whiskered man occupying a front seat rose up.

"If Dr. Higginspiker is in the house," resumed the stentorian voice, "he told me I was to come here and call him out at ten o'clock."

Whereupon Dr. Higginspiker, looking very red, picked up his hat and cane and walked down the aisle amid loud and enthusiastic applause.—Chicago Tribune.

Narcoti-Cure

CURES THE TOBACCO HABIT IN 4 TO 10 DAYS OR MONEY REFUNDED.

Use All the Tobacco You Want Till Your "Craving" is Gone.

Narcoti-Cure is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in four to ten days. It leaves the patient in better health than before taking, and is warranted free from all injurious ingredients.

Narcoti-Cure is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

Narcoti-Cure is sold at the uniform price of \$5 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

Gentlemen:—Replying to yours of the 1st would say that I have used tobacco for 46 years and of late have consumed a 10 cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took Narcoti-Cure, although I have tried other so-called remedies without effect. After using your remedy four days all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say use Narcoti-Cure.

Yours truly, W. N. WAITE.

If your druggist is unable to give you full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send \$5 for a bottle by mail.

THIS DAY IN HISTORY

156—Adrian, Roman emperor, died.
1447—Christopher Columbus born at Genoa; died 1506.
1584—William I (the Silent), prince of Orange, assassinated at Delft.
1723—Sir William Blackstone, law writer, was born; died 1790.
1832—President Jackson vetoed the bill rechartering the United States bank.
1851—Louis Jacques Mande Daguerre, inventor of the process of portrait taking which preceded photography in general use, died near Paris; born 1789. Daguerre was a skillful scene painter in Paris. He devoted several years to experiments in photography, and after marvelous patience, which he combined with great ingenuity, produced the indelible picture on a metallic plate by the chemical action of light.
1889—Julia Gardiner Tyler, widow of President John Tyler, died in Richmond; born 1820.

WAGES AND POLITICS

When the Recorder editor thinks what suffering has come from a democratic administration it is no wonder he feels guilty. To ease his conscience, he runs this table "top of column next to pure reading matter" daily so he can see it whenever he picks up his paper:

1890—McKinley bill enacted.
1891—Panic.
1892—Panic.
1893—Panic.
1894—Wilson bill passed.
1895—Mills opening. Wages restored.

So much for the Recorder's table. Now for the facts.

It is well known that when the present administration came in it found the McKinley law in force, the country prosperous, and workmen enjoying full employment and good wages. No sooner was the democratic administration installed than tariff tinkering commenced and the situation began to change for the worse. A period of depression and uncertainty ensued, and the employers had to reduce wages and curtail their operations. The conditions were not different from those which had existed under the preceding republican administration except in a political respect. Democratic rule was the obvious cause of the trouble, and no other explanation will answer.

There was a turn in the case when the republicans carried the elections last fall. That was the beginning of the improvement which is now restoring the wages that are out down during the time that the democrats had entire control of the government. It is not to be supposed that this change would have taken place if the political situation had remained the same as it was a year ago. The democratic party has not done anything since the last election to revive business and promote prosperity. It was not until the last congress adjourned, and all danger of mischievous legislation was removed, that the employers felt safe in making calculations for the future. There was no advance in wages so long as the possibility of democratic trifling with commercial and industrial interests remained. The fact that the republicans will have power in the next congress to prevent loose and hurtful legislation is the one to which workmen are most indebted for the advantage which they are now obtaining. Their pay would not have been raised, their chances of employment would not have been increased, if a democratic house had been elected last November. The advance in wages is due to political causes—to the assurance that there is to be no more such tinkering with the tariff and other vital issues as that which produced the hard times; and the people thus benefited will bear this in mind when they come to vote for the next president.

BRITONS FOR SILVER.

If, as the British silverites have been asserting, bimetalism is to be one of the issues in the coming canvass in England, the affair will attract much attention in the United States. Nobody in this country thinks England will swing over to the double standard in the near future whatever party is in power. Some of the English bimetalists, however, have been so confident that their cause would be advanced by a tory triumph that their friends in the United States will look to see them develop a little strength in the coming election.

ONLY ONE WAY OUT.

An increased shortage in revenue is bothering the administration. If the shortage grows until congress meets, additional taxes on items here and there such as beer and cigarettes will be necessary. In such an event the interests affected would make a fight, and this would array new elements against the democracy. Tu will not improve the prospects of the

party in the canvass of 1896, but then the question in '96 will be simply as to the size of the republican majority. A beer or cigarette war will make very little difference.

In some of the Pacific states a horse can be bought for two or three dollars, and it is considered to be worth less than a good sheep dog. Not until a horse with pneumatic tires is put in the market will breeders be able to compete with bicycle makers on even terms.

A bad man is Senator Gorman—a bad man and unscrupulous—but he knows politics thoroughly. He is having the fight of his life in Maryland this year and decent democrats, who hope to defeat him, must not rely upon tracts and a kid-gloved propaganda.

Why are wages going up? Manufacturers know that the republican majority in the next house of representatives will stand between them and all democratic projects of disturbance and depression.

The decay of the demagogue is encouraging. No solid progress could be hoped for as long as people relied on the schemes of political quacks instead of upon their own judgment and muscle.

President Cleveland has killed most of the offices with good administration democrats and now is in favor of protecting every government employee by civil service rules.

As long as silver men are satisfied, they will control both of the great party conventions next year, why do they spend so much time planning to bolt the nominations.

Big Bicycle Meet in Prospect.

Battle Creek, Mich., July 10.—A number of the inland towns of the state parties are being formed to ride to the big state bicycle meet here, July 22 and 23, on their wheels. One party headed by George W. Burt of West Bay City numbers 150 riders. The cranks will be joined at St. Johns, Owosso and Lansing by other parties. They will arrive here Sunday afternoon July 21 and be escorted from Bellevue to the city by an escort of 200 wheelmen and women. A dispatch from Asbury Park states that a large number of the big racing stars are preparing to jump the national circuit after the meet there and come to this city to contest.

Bonds Were Forgeries.

Ansonia, O., July 10.—Z. T. Lewis, a bond dealer of Urbana, built a large three-story business block four years ago, and, with James Stewart, began a banking business. Saturday it developed that some of Lewis' bonds of Highland county were only forgeries, and yesterday those having money in the bank withdrew it. Some of the business men discovered that Lewis had placed a \$50,000 mortgage on his business block in Ansonia today. This scared them so that they at once demanded security and most of them received notes on the bank as collateral security. Great excitement prevails.

Wife Murderer Executed.

Pittsburg, Pa., July 10.—Daniel Werling, murderer of his wife, was hanged at 10:47 o'clock yesterday in the jail. The execution passed off without a hitch, although the prisoner was weak and nervous and on the point of collapse. He had slept only two hours in the last forty-eight. Last night he did not close his eyes, but passed the time in conversation with his death watch.

Canada's Cabinet Crisis.

Quebec, July 10.—Sir Mackenzie Bowell's private secretary paid a visit to Quebec yesterday. The result is that Lord Aberdeen, governor general of Canada, started in a special car last night for Ottawa. His hurried return is undoubtedly in connection with the cabinet crisis at Ottawa. He had intended going into the Lake St. John district for a vacation.

Cambridge Accepts Yale's Challenge.

London, July 10.—At a meeting of the Cambridge University Athletic Club representatives, Treasurer Jackson, of the Cambridge University Athletic Club, was invited to conduct negotiations for them, looking to a meeting with Yale in America, and authorized to officially accept Yale's counter challenge, subject to all the preliminaries being satisfactorily arranged.

Accepts Borden's Challenge.

Syracuse, N. Y., July 10.—"Tom" Eck said last night that John S. Johnson, the "white flyer," would accept the challenge of Borden, the English champion, to ride a race for the largest purse ever offered by any club or country and a side bet of \$1,000. The condition that he imposes is that a forfeit of \$250 be posted by Borden with a sporting paper to bind the match, which Johnson will appoint. The winner is to have the entire purse and stake money.

Window Glass Makers in a Trust.

Anderson, Ind., July 10.—Nearly all the window glass manufacturers in Indiana entered a combine at Muncie yesterday for the purpose of stimulating prices. An advance of 25 per cent was made, and it is said another increase will be made soon.

Only Six Months for Debs.

Chicago, July 10.—Judge Woods has ordered that the sentence of Debs and the other officers of the American Railway union be made concurrent, as directed in the original sentence.

At a recent meeting of the British Columbian conference in Victoria, resolutions were adopted binding the conference and church to work as a unit toward securing legislation making it illegal to conduct excursions by rail or water on Sunday, to engage in hunting, fishing or boating on that day; to engage in any game of ball or kindred sport and to ride for pleasure in any hack, sleigh, buggy or other public vehicle or to operate or patronize any Sunday street car.

HANDSOME GROCERY STORE OPEN

Skelly & Wilbur's New Quarters Are the Finest in the City.

Probably as pretty, if not the handsomest, grocery store in the city is that lately finished and occupied the last few days by Skelly & Wilbur, on Jackson street. The original plans called for a modern grocery store in every particular, and the proprietors have spared no expense in making it a most complete as well as convenient place of business. The basement occupies the entire width of the store, which, by the way, is double, and has a cement floor throughout. This basement will be used for the storage of potatoes, and other vegetables. A freight elevator of modern design runs from the cellar to the first floor, and will be a great help in invoice goods. Almost the entire length of one side of the store is platformed a few inches above the floor and will be used for flour and teas and coffees in the case, while the other side is partitioned off into small movable bins for the storage of goods, usually put in baskets and barrels, such as dried peas, beans, etc.

Above these bins are shelves for canned goods and a case enclosed in glass for the better preservation of tobacco. Directly as you enter the front door is a counter of late design; the front of it showing through the glass drawer ends, dried fruits and farinaceous goods of all kinds. At the back the drawers pull out and the articles needed. Behind this counter and in the center of the store, is shelving for fancy groceries and surrounding this are the general counters. The pickle, olive barrels etc., are swung on patent barrel racks under the counter out of sight and away from dust these arrangements being the first in use in the city.

The cold storage refrigerator is particularly handsome and has a large capacity.

The block of which this store is a part, has been in the course of erection for some time past, and is of brick and two stories in height. The upper floor is finished off into two flats with all modern improvements, such as gas, water, and direct sewerage to the river. The new block and the new store are a credit to the city and the enterprising firm are to be congratulated on the success so plainly shown by their handsome quarters.

Two Johns Coming.

John C. Stewart, (better known in the theatrical world as "Fatty" Stewart) the organizer and original of "the Two Johns" Comedy company will be the attraction at Myers Grand on Thursday, July 11. Mr. Stewart is well and favorably known throughout the country in his personation of Phillip Jones, one of the funny fat cousins whose resemblance to each other causes so much ludicrous mistakes and laugh provoking situations in that greatest of all laughing successes, "The Two Johns." The piece was always a popular comedy bill with the theatrical public and we are assured that this season it is being presented bigger, brighter and stronger than ever.

DEAD MAN'S CLOTHES SOAKED FOR CLUES

NEW DEVELOPMENTS IN ED- GERTON'S MYSTERY.

Dr. McManus Finds a Clipping From the Milwaukee Sentinel Proving that the Stranger Was Alive May 9—No Bullet Hole Discovered in His Garments—City News.

ALL the clothes have been soaked off the body of the dead man found near Newville, and his skull has been taken from the coffin for closer examination. Dr. McManus hung the clothes on a line and went through them to see if any bullet holes could be found. There were none nor were the clothes torn or cut. Another examination will be made after the clothes dry. By cleaning and opening the skull it will be possible also to tell whether the hole in the right eye socket was made by a ball and whether any other wound exists. In the coat pocket Dr. McManus found a newspaper clipping which shows that two months ago the man was alive. It is a bit of Milwaukee & St. Paul time card, clipped from a Milwaukee Sentinel of May 9. With it was a paper containing a few unintelligible figures. The age of the dead man is now estimated to be between thirty and thirty-five years, the condition of the bones proving him to be a younger man than was at first supposed.

CAPTAIN C. F. GLASS has inaugurated a new system of competitive drills by which the candidates for non-commissioned officers are selected. Under the new rule three men compete at once and the one getting the highest marking obtains the appointment. Under this new rule Dell Cannon and Herman Zander have already been appointed corporals and Privates Wright Jones and Root will compete next Monday evening.

WHILE driving this morning with a dray load of boxes, a team of horses driven by William Dulan, took fright and ran down River street, smashing into a buggy into which Anthony Dixon was sitting. Dixon was thrown out, his horse knocked over and his new buggy smashed to pieces. Mr. Dixon was hurt in the side and was taken to the office of Dr. W. H. Judd.

DID you ever see a cloth machine at work? Possibly if you attended the Woollen's fair you did. It seems wonderful that this same cloth can afterward go through the hands of the manufacturer and jobber be made up into clothing and sold as cheap as Baack is selling at his summer suit sale. The cloths are all excellent and patterns late.

You hear almost every business man say July is the dull month in the year and probably that is so. CHOSE W. S. JEFFRIS AS THE PRESIDENT

THE MERCHANTS' & MECHANICS' BANK ELECT OFFICERS.

A. H. Sheldon Is Again Selected As Vice President While William Bladon Succeeds Mr. Jeffris As Cashier—The Board of Directors Selected—The Bank's Condition.

President. W. S. JEFFRIS
Vice President. A. H. SHELDON
Cashier. WILLIAM BLADON

These are the new officers of the Merchants' and Mechanics' Savings bank, chosen at the annual meeting of the stockholders held at the bank, at 4:30 o'clock yesterday afternoon. Directors were chosen as follows:

David Jeffris, A. H. Sheldon, F. C. Cook, W. S. Jeffris, James Mount, James Menzies and William Bladon.

For many years Dr. Henry Palmer had been president of the bank and his death occurred after the notice for the annual meeting had been issued. His successor as president, W. S. Jeffris, has been cashier of the bank for many years and has been connected with the institution for about fifteen years. A. H. Sheldon has been the vice president of the institution for many years.

William Bladon, who is now the cashier, has been connected with the bank for over eleven years, and during his service as assistant cashier has made a record as a careful, painstaking and thoroughly reliable official.

The Bank's Present Condition.

The "Merchants & Mechanics" has been known as one of the most solid of Janesville's many strong institutions, and has enjoyed an enviable reputation. At the annual meeting the following statement of the bank's condition was also submitted.

CRACKERED DOG FIRED A RICK

Serious Fourth of July Fun at the Home of Seth Fisher.

The fires of patriotism appear to burn briskly in the bosom of Ex-Sheriff Fisher, of Center, notwithstanding his advancing years, and his neighbors tell a good story how he and "the boys" at the old homestead, started in to celebrate the Fourth of July, and the complications that followed. It was in the afternoon of the third of July, when the latter went down to the store and bought fire crackers. The aged ex-sheriff was a patriotic onlooker and watched the crackers snap with keen enjoyment. Mr. Fisher is quite a dog fancier, and keeps a number of choice pug dogs as house pets.

"Boys, if you want some real fun, just come here with your crackers," he said. "Bring up the old 'pug' and we will tie them to here tail and set them off. They will not harm her, and she will make great fun."

And she did.
Close by the farm house is a large hay barn, nearly filled with hay, and while the crackers were popping, the old "pug" ran under the barn and over the hay, and blazes flared up in a dozen places. The tin dinner horn was blown as an alarm for the farm hands, and the neighbors, too, rallied at the Fisher homestead. For two hours all worked with pails, extinguishing the fires set in scores of places by the crackers, and the old "pug" sat upon her haunches near by and smiled.

There were no more crackers exploded on that plantation that night, and it is safe to say that the ex-sheriff will not offer Fourth of July suggestions again.

AN ATTEMPT TO WRECK A TRAIN Tie Put on the C. & N. W. Track North of the City.

With a long whistle for "brakes," Engineer Webb, of the C. & N. W. road, jabbed the car brake handle as far to one side as it could go and "threw over" his engine near the "Black bridge" yesterday afternoon. The wheels ground along the track the train came to a stand still, but not until the obstruction that caused the engineer's sudden action had been run into, and tossed to one side. Whether it was an attempt to wreck the train or simply the prank of boys, the officials have not yet decided, but Superintendent Moulton will push an investigation to the last ditch. The train was in charge of Conductor John Evans, of this city, and Engineer Webb. They pulled out of Milton Junction at 4 o'clock yesterday afternoon, for this city. About four miles north of town, while rounding a sharp curve, Engineer Webb saw a tie on the track. Not knowing whether or not it was fastened down, he applied the brakes and reversed the engine, but could not stop the train. It struck the tie with full force, and tossed it well off to one side. After the crew had looked about the train slowly pulled into the Janesville yards, arriving a half hour behind time. The affair was reported to Superintendent Moulton, who in turn notified the police. The officers think it might have been the work of small boys or tramps. Superintendent Moulton went north this morning, and while passing the spot where the obstruction was located, he recognized a number of Janesville men, so when the train stopped at Milton Junction he sent a telegram back to the police, saying that he had seen a gang of men at the place, but no arrests have yet been made.

JANESVILLE FURNITURE GOES EAST

Local Manufacturers Have Decided to Raise the Price.

Local factories, both Hanson and Hall furniture works claim that they have been making goods at a loss for some time past. A rise in prices, especially in the cheaper grades, where there has been very little profit, may be looked for at any moment. J. J. Hall, manager of the Hall Furniture Company, was urged to attend the special meeting of state manufacturers in Oshkosh Monday, at which it was decided to advance prices at once. Mr. Hall explains the sudden advance by saying that glass and other materials used in the manufacture of sideboards have already been advanced in price.

The Janesville factories have been selling mostly to the large retail Chicago stores but depend very little upon them now, for they have cut prices so that there is no money left for the maker. The Chicago houses now depend largely upon "snaps," buying in carload lots, while most of the Bower City goods are beginning to find their way east.

LOW WATER REVEALS A RELIC

Remains of An Old Bridge In Sight Near Spring Brook.

Since the river has taken such a drop, a number of piles have made their appearance in the main channels of the river between the Jackson street and the Northwestern railroad bridges. Old settlers who were at the Jackson street bridge last evening, say that there was a bridge built there in the early fifties, when the state fair grounds were situated on the Burr Robbins place. The bridge was about one-third the length of the present Jackson street structure, and was swept away soon after it was built by the high water and ice in the spring.

DIDN'T KEEP TRACK OF IDIOTS.

City Assessor Found It Hard To Draw The Line.

City Assessors Henry Hemming and D. W. Watt, in making up their reports, state that there are only four blind persons residing in Janesville, and but one deaf and dumb person which is considered a very good showing.

"We have not kept track of the idiots," remarked Assessor Hemming this morning, "for the reason that it is very difficult to draw a line. I expect that by another year the statistician will call for those having wheels in their heads, and then we will have a lively time."

BUYERS "GOT A TIP" IN TIME

Chicago Market Price Shrinks Heavily But They Are Safe.

Janesville hog buyers got a "tip" on pork from the Chicago market just in time to save them a lot of money, and as a result two hundred and fifty hogs were squealing in the cars in the Janesville yards today. The price of pork on the hoof suddenly went down forty cents a hundred, and they will now hold the stock here for a raise.

GRAVEL HAULED ON THEN OFF

Fourth Ward People Think That A New System Would Be Cheaper.

EDITOR GAZETTE:—Fourth ward taxpayers want to know why one team is kept at work carting cobble stones away from Jackson street while two other teams are carting them on? If the gravel were screened in the pit, the work of a team and a man with a rake would be saved. GOOD ROADS.

WILL GIVE A ROAD RACE MEDAL

D. W. Kelle Is Now Planning A Bicycle Event For The Future.

D. W. Kelle is planning to give a road race between Milton Junction and this city. No definite date has yet been settled upon but it will be a handicap event with sealed handicaps which the rider will know nothing about in advance. A gold medal will be the trophy.

COULD NOT DISPEL HIS DEATH STUPOR

SUDDEN DEMISE OF ROBERT ACHESON THIS MORNING.

While the Family Were Vainly Applying Restoratives, Thinking That He Had Fainted the Death Angel Took His Spirit to the Home Beyond the Skies.

For twenty minutes ministering hands applied restoratives to Robert Acheson's mouth and nose, not knowing that what they supposed to be a fainting spell, was death.

But it was.
Mr. Acheson, who was a native of England, was about sixty years old, and resided on Center avenue. This morning Baggageman Henry E. Fox, who lives near Mr. Acheson, was notified that the latter was very ill, and the family requested him to go for a physician. Mr. Fox drove to town as quickly as possible and got Dr. R. W. Edden. The return trip was made in quick time, but the doctor arrived too late to be of any service; heart failure had done its work, and Mr. Acheson's spirit had taken its flight. Mr. Acheson had not been feeling well for the past few days and this morning complained of being sick. Accordingly he remained in bed until 9 o'clock, when he was taken suddenly ill, and sank into a lethargy which the family supposed to be a fainting spell, as he was talking with his wife but a few minutes before he died. Camphor and other restoratives were at once applied to his lips and nose and all efforts made to restore him until the doctor arrived. Then they learned that he would not awaken in this world and slept the final sleep. Dr. Edden pronouncing it a case of heart failure. Mr. Acheson was well known in this city where he had lived for some time. He has been in the employ of the Janesville cotton mills.

Chauncey C. Pease.

Chauncey C. Pease, uncle of Mrs. C. S. Graves of this city, died at Columbia, Wis., on July 4 and was buried at Plymouth July 5. He had made his home with Mr. and Mrs. Graves for the past eight years since his wife's death. Mr. Pease, who was nearly seventy-nine years old, was a distant relative of John J. R. Pease. He came to Rock county from Vermont about forty-seven years ago and settled in the town of Plymouth. Up to within twenty-four hours of his death he was in his usual health, although heart difficulty had troubled him for twenty years.

FOURTH WARD HAS 3,526 PEOPLE

Census Enumerator Herman Hunt Gathers Some Interesting Statistics.

Census Enumerator Herman Hunt has completed the compiling of statistics for the Fourth ward. Of the 3,526 people he found therein, 2,730 were natives of the United States; 442 of Germany; 63 of Great Britain; 188 of Ireland; 6 of France; 21 of British America; 49 Scandinavia; 18 all other countries; colored—females 2. Of the total population 1775 are males, and 1826 females. Number subject to military duty, 610; single 265; married 357; ex soldiers of the late war 46, of whom 29 enlisted from Wisconsin; 4 from Illinois; 5 from New York; 3 from Massachusetts; 2 from Michigan and one each from Ohio, Pennsylvania and Minnesota. Enumerator Hunt found 169 horses in the ward, valued at \$7,978; also 129 carriages, valued at \$4,798; 34 farm wagons, valued at \$1,015 and 70 milch cows valued at \$2,270.

SALOONISTS MUST INSURE AGAIN.

Cooperative Company Dissolves and Premiums are Returned to Policy Holders.

Several Janesville liquor dealers were insured not long ago in the Brewers' and Liquor Dealers' Life Insurance association of Madison. The company was cooperative and was intended to lower rates. Today, however, the franchise was given up. President Charles Elver said that the company had been doing business about sixteen months and in that time only one death has occurred. It was thought advisable to wind up the company's affairs before other deaths and by so doing a major part of the premiums paid in by members can be returned. There are ninety-seven policy holders whose share of the assets range from \$3 to \$50.

A. W. ALLISON IS AGAIN HAPPY.

He Has Settled Up With The Union Insurance Co.

A. W. Allison has settled with the Union Insurance Company, of Philadelphia, he being notified yesterday that if he would let his lawsuit drop, they would pay his claim in full, with the costs and interest which amounts to \$168.80. The remaining four companies which carry the following insurance are: Greenwich, \$627.50; British of America; \$750; Hamburg-Bremen, \$337.50 and the Western of Toronto, \$500; will be called on as soon as their time is up.

'ALL SOULS' The Peoples Church

Our Deepest Prayer:

"Let integrity and uprightness preserve me." For nothing ought we to pray more earnestly. Let no man dream that anything but his own integrity can save him. A man is lost when the integrity of his character has been changed. Nothing is so sacred as a man who always speaks what he thinks is true, and always does what he thinks is right.

All churches, all sects, all creeds are holy just in so far as they help men to be manly and women to be womanly.

In this Church of the Free Spirit the one supreme aim is to keep alive the intellectual and spiritual integrity of its members.

SUMMER COSTUMES.

Taffeta Silk and Black Satin For Skirts and Trimmings.

Black satin will be fashionable not only for skirts to wear with colored waists, but for collars and belts on any and all fabrics and colors. In making over gowns it is used for sleeves, collar, belt, skirt panels and a double box plait for the front of any waist, round or pointed. This is four inches wide at the top and narrows toward the point or belt, with an interlining of crinoline. Sometimes the plait is allowed to droop a little over the belt and often

has three fancy buttons, either very small or extremely large, set on it. When in doubt as to what to buy to remodel a gown with, use black satin duchess. Changeable taffeta silk is used in a similar manner and either shows in one of the colors in shade like the dress goods or is entirely in contrast. Black satin, plain or brocaded, figured taffeta, grosgrain, serge and crepe skirts are worn with colored silk and cotton waists. Tan, brown, green and navy blue woolen dress goods are made up for the same purpose in godet or other styles. The modified Eton or garcon jackets are pretty for outing and pique suits. The new navy blue shades are lighter in effect. Green is having a distinct revival, in mixed goods especially. Black crepe is much worn not only for mourning, but for general use.

White, which was so fashionable last summer, is again worn, and cool and pretty suits of white pique, duck and serge are seen. Made without a lining white serge is almost as easily washed as linen or cotton goods and is one of the prettiest materials for simple summer wear.

An illustration is given of a summer toilet of blue batiste plisse. The ample skirt forms godets and is ornamented on each side with panels of white guipure. The bodice has a yoke of guipure, with points extending downward to the waist and over the sleeves. The balloon elbow sleeves are finished with coques of white ribbon. The draped collar is of white gauze trimmed with choux, and the belt is also white and similarly adorned. The hat of beige straw is trimmed with blue and black plumes.

CAPE AND BODICES.

Light Shoulder Wear—Comfortable Shirt Waists For Warm Weather.

The cape is still the fashionable garment for out of door wear. The most approved ones for warm weather do not fall below the elbow, and women who can afford it have a cape to accompany each costume. Those for festival wear are mere trifles of lace, flowers, spangles and other ornamentations.

The short tailor made jacket is greatly in favor at present. In Paris it is a craze. It is of the new silky cloth or a rich corded

SILK COSTUME.

silk. The sleeves are simply huge, and those of a Worth model were crinolined. It is usually box plaited to the waist, one plait behind and one at each side. It is open in front, so that it can be worn with a vest of any fancy kind. Passementerie ornaments the front and the shoulders behind.

Shirt waists with stiff collar and cuffs are greatly worn this summer and are extremely useful, being neat, comfortable and fresh looking. They are to be had in solid colors both dark and light, in printed percale and lawn, or with collar and cuffs different from the body of the garment. Waists of fine plaid gingham have had quite a vogue, plaid being everywhere acceptable this season. Those made of outing flannel are not so much seen as formerly, although they are more suitable for the seaside and for athletic amusements, such as tennis and bicycling, than cambrie ones, which are at once wilted by moisture.

The gown of which an illustration is given is of broche silk in two tones of grolfoe. The godet skirt opens in front over a tablier of brown guipure. The bodice has a very short, ripple basque and is fastened on each side by silver buttons over a vest of plain grolfoe grosgrain silk. A full flounce of white gauze trimmed with fine plating is draped about the shoulders and held on the left side by a grosgrain bow. The sleeves consist of two puffs and a deep turned back cuff of grosgrain silk. The hat is of yellow straw, trimmed with poppies and grolfoe grosgrain silk.

WHY?

QUESTIONS WOMEN ASK

Here Answered with Good Sound Reason.

[SPECIAL TO OUR LADY READERS.]

Why do people say that Lydia E. Pinkham's treatment, especially her Vegetable Compound, effects cures beyond the physician's skill?

Because of the fact that a woman best understands a woman's ills. What man ever suffered a single pang like unto

woman? Man works from theory only. Why do tens of thousands of women write to Mrs. Pinkham at Lynn, Mass., telling their most secret thoughts?

Because they know that their letters go straight to the hands of a woman, are opened, read, and answered by a woman, who as a woman has made woman's ills a life study, and because she never fails them, and cures cases which the doctor cannot.

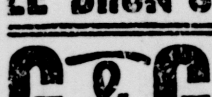

The lady who asks that the following letter be published, gives concisely the uniform expression of gratitude contained in thousands of other letters in Mrs. Pinkham's possession.

"For eight years I suffered with neuralgia of the womb, backache, severe pains all through my body, and kidney trouble. None of the doctors did me any good. I took twelve bottles of your Vegetable Compound, and cannot thank you enough for the relief I found."

"I am now well cured of all those pains. I should advise every woman to take Lydia E. Pinkham's Vegetable Compound who has any female trouble. I had a friend who was to go under an operation. I advised her first to try the Compound. She did, and is now so much better and stronger she has given up all thoughts of the operation."—Mrs. M. WILDE, 2137 Park St., Tioga, Pa.

City of Jamesville, May 22, 1895.

To Supervisor:
SIR—You will please take notice that a special meeting of the county board of supervisors will be held at this office in said city of Jamesville on the 15th day of June, 1895, at 2 o'clock p. m. for the purpose of organization, and the transaction of any business not by statute prohibited at a special meeting of said board.

Supervisor Coon moved that the board proceed to an informal ballot for chairman.

Carried.

On motion the chair appointed as tellers C. E. Langworthy and C. O. McLean.

First ballot, informal.

Whole number of votes cast 33, of which number Henry Tarrant received 17, Simon Smith 11, Robert Moore 4, Henry Egerton 1, total 33.

First formal ballot, whole number of votes cast, 33, of which number Henry Tarrant received 22, Simon Smith 11, total 33.

Henry Tarrant having received a majority of all the votes cast was declared duly elected chairman of the county board.

Mr. Tarrant thanked the board for the honor conferred by his election, and asked the members for their cooperation in dispatching the business of the board.

Supervisor Bailey moved that the rules governing the last board be adopted as the rules governing this board.

Carried.

The clerk read a communication or circular from the state board of immigration requesting that county boards cooperate with said board in settling up the sparsely populated portions of the state which on motion was ordered placed on file.

The county clerk read the following report from W. G. Wheeler, ex-district attorney, June, 1895.

To the Honorable Board of Supervisors of Rock County:

Gentlemen:—The undersigned begs leave to report to your honorable body, that pursuant to resolution adopted at the January meeting, 1895, the case of the county of Rock against the city of Edgerton was brought on for argument in the supreme court, and has lately been decided.

It will be remembered that this section was brought by the county to recover the amount of fifty dollars on each license for the sale of intoxicating liquors granted by the city of Edgerton from the years 1880 to 1894, due to the county under chapter 417 of the Laws of 1887.

To the complaint in this action, the defendant demurred on the ground that the law was unconstitutional, and was not subject to the objections made by defendant, and reverse the order of the circuit court. This, undoubtedly ends the contest, as there has been any question raised, except as to the constitutionality of the law.

As a result of this litigation, the county treasury will be enriched to the amount of \$20,000 as near as I have been able to estimate the same.

Respectfully submitted,
WILLIAM WHEELER.

Report accepted.

Supervisor Kimball offered the following, and moved that the matter be referred to a special committee to be appointed by the chair to report at the adjourned meeting of this board.

Carried.

To the board of supervisors of Rock county:

WHEREAS, At a meeting of the common council of the city of Janesville on Monday evening, the 3rd, 1895, the following preamble and resolution was adopted:

WHEREAS, By a decision of the supreme court of this state, the city of Janesville is required to pay to the county of Rock the amount retained from license money obtained by the city of Janesville for the sale of intoxicating liquors; and

WHEREAS, The payment of this amount in addition to the amount required to be paid on license that will be granted the present year will be a very heavy tax on the city; therefore,

Resolved, That the common council of the city of Janesville do petition the county board of Rock county to accept one-half of the amount due the county under the decision of the supreme court the present year, and the balance next year; therefore

Resolved, By the board of supervisors that the prayers of the petition be granted.

The chair appointed as such committee Supervisors Robert Moore, H. A. Egerton and C. E. Langworthy.

Supervisor McLean offered the following resolution and moved its adoption:

Resolved, By the county board of supervisors of Rock county that a committee of two be appointed by the chair to act with the county treasurer to make the necessary examination into the number of licenses which have been granted by the different cities, villages and towns on which there is due fifty dollars to the county, and that said committee report at the adjourned meeting of this board.

Adopted by the following vote:
Ayes: Andrew, Bailey, Brinkman, Cleophas, Gram, Davidson, Egerton, Godfrey, Gray, Gangen, Henry, Kendall, Kimball, McLean, Osgard, Powers, Rotherham, Smith, White, Tarrant—20.

Nays: Barker, Bowles, Bruhn, Cary, Conley, Coon, Jacobson, Langworthy, Little, Moore, Perry, Swingle, Vankirk, White, Wilder—13.

Supervisor Powers moved that when this board adjourns it be to meet on Wednesday, the 10th inst., at 9:30 o'clock a. m.

Carried.

Afterwards, on motion of Supervisor Vankirk changed to Thursday, the 13th, at 1:30 p. m.

Supervisor Smith, from special committee on state equalization, reported as follows and moved its adoption:

To the Honorable board of supervisors of Rock county:

GENTLEMEN: Your special committee appointed to represent this county before the state board of equalization, beg leave to report as follows:

On May 20 your committee visited Madison and laid the matter before said board. Although they were not in session, we were assured by one of the members that the valuation of this county should not be raised without first notifying the county board and giving an opportunity to be heard. They would give us no encouragement that any reduction could be secured this year as many of the northern counties that were devastated by drought and fire last fall, are asking for a reduction in their valuation this year. And your committee are of the opinion under these circumstances, that if the county and state valuation remain in the same proportion this year as last, it would be all we could reasonably expect.

K. KILLAM, SIMON SMITH, Committee.

Report adopted.

Supervisor Egerton presented the following resolution and moved its adoption:

Resolved, By the county board of supervisors of Rock county, that a special committee consisting of Simon Smith and Robert Moore be appointed to confer with the state board of equalization in regard to setting a reduction in the state equalization for Rock county, and that said committee continue in force until the meeting of the county board in 1896.

Resolution adopted.

Supr. Little presented the petition of Thos. P. Elwood, W. W. Gilles and 90 others for alterations of highways in the town of Union.

Petition received and order filed.

The chair announced the committee to act with county treasurer to ascertain the number of licenses granted in the different cities, villages and towns as follows. Supr. Powers and White.

Supr. Kimball from committee on public buildings brought up the matter of vault room for the county judge and clerk of the court, and submitted plans for the erection of the same.

Supr. Kimball moved that the chair appoint three members of the board to act with committee on public buildings in formulating plans and preparing a report to be submitted to this board on the matter of vault room as stated above.

Carried.

The chair appointed as such committee W. T. Vankirk, C. Gram and P. C. Wilder.

County Treas. Nye submitted the following list of property withheld from tax sales.

To the board of supervisors of Rock county: Gentlemen—In compliance with Sec. 1135, Revised statutes, I would report the following described property withheld from sale at the tax sale of 1895.

Also 5th 1st lot 17 Mitchell's add. to Janesville.

Also 5th 1st lot 42 Mitchell's 2 add. to Janesville.

Also part of lots 88, 90 and 103 being 28 1/2 ft front on west Milwaukee street of equal width by 117 ft deep of city and adjoining Conners land.

Three above lots having been returned to A. D. Burdick for the tax of 1893 and not sold by him in 1894 for the reason that they were not advertised and were not sold in 1895.

Henry county treasurer's tax book for the year 1893 shows that the tax had been paid to him.

The following described piece lot No. 7 in Block 23 front on State street by 100 ft next to C. A. Keep in lot 14 bk 48.

Lots 1 and 2 except e and n 1/4 of each block 30.

Four rods front on Broad street next to Miller in lot 1 and the e 1/4 w 3 rods lots 2 and 3 bk 10.

Lot 151 G. S.

All in the original plat of Beloit were returned for the tax of 1894 but were not sold because the descriptions were imperfect and therefore they were not properly advertised.

Lots 49, 50 and 51 Hamilton's add. to Janesville were also returned for the tax of 1894, and were not sold because they were included in another description and the tax had been paid to the city treasurer.

Respectfully submitted,
CHAS. N. NYE, County Treasurer.

Read and placed on file.

Supr. Robert Moore presented the following resolution and moved its adoption:

Resolved: That the county clerk be instructed to purchase two maps of the city of Janesville, one for the register of deeds office and one for the county clerk's office and that an appropriation of ten dollars be made and an order drawn for the same.

Adopted, ayes 34 noes 0.

Supr. Kendall moved that the board do now adjourn.

Carried.

Thursday, June 13, 1895.

Board met pursuant to adjournment at 1:30 o'clock p. m.

Called to order by Henry Tarrant, chairman.

Supervisor Kimball, from committee on public buildings, No. 7 reported as follows and moved its adoption:

To the Board of Supervisors of Rock County:—

The building committee and special committee who were instructed to consider and report plans for additional vault room at court house beg leave to report as follows:

Your committee met at the office of the county clerk on Friday June 7, to consider plans for constructing the vault room to connect with the office of the county judge and the office of the clerk of circuit court.

The architect who made the plans of our court house, which was erected twenty-five years ago, had in view a building that would be systematic of fine proportions and well arranged. That his views were embodied in this building is evidenced by the people of this county take in the present edifice.

This structure however faultless it appeared to be at completion has proved to be deficient in one feature, that is, in the lack of sufficient vault room particularly the offices of county judge and of the clerk of circuit court.

The records of both of these officers are now increasing and accumulating rapidly so that the vaults constructed when the court house was built are wholly inadequate for present needs.

Therefore it is the opinion of your committee that it is hazardous to delay the construction of these vaults, and that the necessary steps should be taken at once to provide for the safety of these accumulating records as their destruction by fire or otherwise would be an incalculable loss to the citizens of this county. In providing for the safe keeping of these records, additional vault room must be constructed as to be also fire proof.

Among the plans and suggestions presented to your committee was one plan that met with their favorable consideration.

That was, to build an addition on the north end of the court house similar to the plans presented by the architect, Mr. Kemp, with this change, that the addition be carried to the full height of the court house, and finished to correspond therewith.

The interior of the vault to be finished and arranged for the convenient handling of the records placed therein.

The size of the structure to be 24x22 feet. The cost estimated to be from eight to ten thousand dollars.

Your committee would therefore recommend that the additional vaults be built on the north

end of the court house similar to plans presented by the architect, Mr. Kemp, and as outlined above.

Your committee further recommend that the building committee procure the necessary work in plans and proceed with the erection of the building without delay.

Your committee would further recommend that the sum of ten thousand dollars or as much thereof as may be necessary, be appropriated for this purpose, and the county clerk and chairman of the Co. board are authorized on this fund, when the vouchers for the expenditure in the erection of this addition are properly certified to by the building committee. Your committee further recommend that the building committee be authorized to have this work done in such manner and by such persons as they in their judgment believe to be for the best interest of Rock county.

Respectfully submitted,

W. T. VANKIRK, FENNER KIMBALL, T. B. BAILEY, HENRY A. EGERTON.

Supervisor Coon moved that the report lie over until 11 o'clock a. m. tomorrow.

Carried.

Supervisor Egerton moved that the urn purchased of the Edgerton Pottery Works by Rock county and on exhibition at the Chicago exposition, be presented to Mrs. Winans, in consideration of the active part she took in getting up and forwarding the products of Rock county to said exposition, and that Mr. Kimball present the same.

Resolution adopted.

On motion the board adjourned until 9:30 a. m. tomorrow.

o be continued.
